The House has passed the resolution Di favor of municipal suffrage for romen, but the general opinion is that it will fail in the Senite If so this will exactly reverse the situation of two years ago, when the Senate was in favor and the House against the resolute. Democratic Appropriations Congressman Cannon, of Elimois representing the Republicans of the Committee on Appropriations, bas pripared a review of the appropriations of the lifty-third Congress which will up pear in the Congressional Lecord Satur day. The New York Infonce says The silver men have made two mistakes. Passengers Had Narrow Escape From Sinking With Her.

Cincinnati, O., March S A fatal river disaster becarred near this city early this morning. Five bodies were recovered and a missing man is supposed to be drowned. At 8 the steamer Long-fellow started for New Orleans.

At 7 o'clock she struck the pier of the Chesapeake & Ohlo R R. bridge and sank in 40 feet of water. The victims were Dead—David Aidridge, passenger, Rome, N 1, Capt J K Lawrence; Carter, first clerk; Gus Chauvel, bar keeper, Mrs. W J/Ault, passenger, James Miller, colored porter Missing—W J Ault, passenger, Davton, Ohio.

The dense fog lifted just before the steamer left the dock. The boat was somewhat clumsy on account of her size and was hard to turn in the-agwift current. The passengers were so hustily aroused that only a few bud time to get their clothes. A Newport, R. L., despatch says The U. S. S. Marblehead's intermediate platen of the port engine has been sprung. The damage occurred on a run from Norfolk, and she was obliged to proceed about half the distance under the starboard engine, making some 10½ knots an hour. The piston is sprung 3-10 of an inch, and the packing box is slightly injured. All repairs are in a good stage of progress at the torpedo station machine shop, and it is hoped to complete them Friday forenoon. of Cottolene.
